

Dear Parents / Carers,

21<sup>st</sup> June 2019

Wow what an amazing and busy week! So much has been happening in school. Today we have had a fantastic community afternoon where we have been working with groups in the Brading community. As I mentioned last week, this is to develop our community days during the summer holidays. Thank you so much to everyone who helped today and to everyone who came along and supported the afternoon. We will let you know how much was raised next week.

Also, thank you to everyone who came in wearing yellow today to raise money for the Cystic Fibrosis Trust and the Earl Mountbatten Hospice, two very worthy causes. Once the money has been counted we will let you know how much we have raised. Our next fundraising event will be the Summer Fayre to raise funds for the Friends of Brading.

Today a small group of year 6 children had the opportunity to go sailing with Sir Ben Ainslie followed by high tea and a Q&A session. I know he is one of Mrs Powell's idols, so she and the children have been looking forward to this afternoon for quite some time! I can't wait to hear all about it on Monday.

Mrs Skelley's class had a fabulous time at the Isle of Wight Steam Railway on Tuesday (despite the weather!). We have included a piece of work by Lilly & Sky who recounted the day in 100 words, so please have a read. Charlie has also drawn a picture of the steam train which we have included as well.

We are currently in the process of organising staffing for the new academic year. Transition days will be on Thursday 11<sup>th</sup> and Friday 12<sup>th</sup> July, and we will let you know on the 10<sup>th</sup> July who your child's class teacher will be. As always we will have a meet and greet session in September. As a staff we spend a lot of time transferring information to your child's new teacher, and books also move up with the children so it is clear what the children have achieved in the year. We also have parent sessions on 3<sup>rd</sup> July if you feel you would like to see class teachers. Sign-up sheets will be outside classes next week. School reports will be going home on Monday 1<sup>st</sup> July.

One of our initiatives this year has been the Alex Timpson Attachment and Trauma Programme, which is a national programme in which 300 schools are taking part. As a school we have always wanted to be extremely inclusive and support all children. We have found that this course has provided us with additional strategies and skills to support children and families. As part of the course we need to survey all the children, please read the information that we have attached to the newsletter and if you **do not** want your child to take part please complete the opt-out form by Friday 28<sup>th</sup> June, otherwise it will be children in years 1-5 that will be taking part in the survey. Thank you for your help and support with this.

We have had an alert for a level 2 heat wave next week. Please ensure that children come in to school with sun hats and water bottles. Please make sure they apply sun cream before they leave for school as staff are not able to apply this. If your child is able to apply their own sun cream, please make sure their bottle is named.

Have a great weekend and remember that my door is always open.

Mrs Gilbert.

**LO: I can write a recount in 100 words**

This morning, we arrived at Haven Street railway station. The first thing we did was go on the steam railway train, it was really exciting. For this trip we had to dress up as World War 2 children. When we were on the train we had to pretend we were being evacuated. Then we had classes that told us fun facts. In the first group we ate food, in the second group we had to pretend to go in an air raid shelter, then we tried old toys. After we had lunch we went to the toilet and went home.

## Alex Timpson Attachment and Trauma Programme in Schools

### Information for Parents about Pupil Questionnaire

Your child's school is taking part in the national Alex Timpson Attachment and Trauma Programme in Schools. The Rees Centre, at the University of Oxford, is using this programme to try to find out how schools can better support children and young people who might struggle at school. More than 300 schools are taking part.

#### **Why is this needed?**

Sometimes pupil's emotions and behaviour are particularly difficult for school staff. They don't feel confident to work with young people who have experienced trauma and/or neglect. The Programme has been designed to address this, through helping staff to develop whole school approaches to behaviour. We need to find out what schools do that better support young people who have had trauma or been neglected.

#### **Who is involved?**

We would like to know what pupils think about being a part of their school and how they feel. In order to find that out, all children are being invited to take part in completing a short on-line survey in school. Taking part is voluntary. Choosing not to take part will not affect the child or the school. **If you are happy for them to be involved, then no further action is needed.** If you have concerns, please return the attached form to your child's school, or contact us directly.

#### **How will the information be used?**

The survey of pupils will provide important information on how we can do things better in schools across England. It will identify better training and support for staff and could influence how money is spent in the future. Young people, teachers and other staff are all involved in giving their views to make sure it is relevant, realistic and reaches as many people as possible.

#### **Who will have access to the research data?**

Qualtrics who run the on-line survey will only collect anonymised data i.e. the survey data will not be linked to children's names or other personal information. Only this anonymised survey data will be passed to the University of Oxford to evaluate the Alex Timpson Attachment and Trauma Programme in Schools. The anonymised data will also be passed on the University of Exeter and will contribute to a national study on children's well-being - you can see more about their work here: <http://medicine.exeter.ac.uk/hifams/>

The research data will be securely stored for seven years after completion of the study, after that it will be securely disposed of.

#### **Who will have access to personal data?**

In order to complete the on-line survey, pupils will need to register with Atto Partners, who are administering the survey on our behalf. When registering pupils will be asked their name (i.e. personal data). Personal data will be held by Atto Partners who are the 'data controller' for this information. They are responsible for looking after it in accordance with General Data Protection Regulation and associated data protection legislation.

Personal data is only stored and will only be used for the purposes of inviting pupils to complete the survey. Atto Partners need this information to make sure participation in the survey is as smooth as possible, and to make it easier for the school to distribute the survey. Having this information allows the research team to analyse how survey answers change over time, without having to identify pupils, as Atto will not pass on any personal information, just a code to identify different pupils who have responded to the survey.

#### **How can you find out more?**

The research is being undertaken by the Rees Centre at the University of Oxford. If you would like to find out more, see the project webpage at <http://reescentre.education.ox.ac.uk/research/alex-timpson-attachment-and-trauma-programme-in-schools/>

#### **Contact for comments or complaints**

If you have any comments about the project, please contact Neil Harrison [neil.harrison@education.ox.ac.uk](mailto:neil.harrison@education.ox.ac.uk) on +44(0) 1865 274050. If you are not satisfied with any of the answers provided, please contact the chair of the Department of Education Research Ethics Committee at the University of Oxford who will seek to resolve the matter:  
Email: [research.office@education.ox.ac.uk](mailto:research.office@education.ox.ac.uk); Address: 15 Norham Gardens, Oxford OX2 6PY, United Kingdom.

### **OPT-OUT FORM**

If you **DO NOT** want your child to participate in the above-named research study please fill in the form below and return it to the school by Friday 28<sup>th</sup> June 2019.

If we do not receive an opt-out form from you by this date, your child may be invited to take part in this study, as described above.

WESTRIDGE  
GOLF CENTRE

# Family Fun Day at Westridge Golf Centre

On Saturday 29th June we have some free family golf lessons at Westridge Golf Centre. The sessions are aimed at both parents and children and we are welcoming you to join us either at 11am or 12pm on Saturday 29th for a free taster session. The sessions will last 45 mins and if you wish to book then please contact us on 01983613131 to book your spot as places are limited.

Also for the youngsters whos parents/guardians are already golfers we are running a golfer/junior non golfer fun competition. We will play 5 holes where the adult golfer plays 5 shots and then the junior non golfer takes over and does some putting. This is purely a fun event aimed at introducing more junior players to the game, the cost for this event is £5 per Adult & Child pair and this will include a BBQ and all the equipment needed. Tee times start from 1pm so give us a call to book your space.

There will also be a fun competition for longest putt which is free for all to enter and we hope to see as many people there as possible.

For the more experienced juniors on the same day we have are holding the Junior Masters Competition sponsored by Leslies Motors. This is for the junior golfers who already have a handicap, if this is yourself then please go to the website <http://islandjunormasters.co.uk/> and register. The competition is an 18 hole medal competition with a BBQ and prizegiving at the end. The website does say entries are closed but please ignore this as you can still enter.

Prebooking is essential for all the above so please do so at your earliest convenience on
